

# Mission of NOBCChE

NOBCChE is committed to the discovery, transmission, and application of knowledge in the fields of science and en-

gineering. The mission of NOBCChE is therefore to build an eminent community of scientists and engineers by increasing the number of minorities in these fields. NOBCChE will achieve its mission through diverse programs designed to foster professional development and encourage students to pursue careers in science and technical fields. To this end, NOBCChE will establish educational partnerships with school districts, municipalities, businesses, industries, other institutions and organizations in the public and private sectors.

# Research Areas

<b>Analytical Chemistry</b>
<b>Inorganic Chemistry</b>
<b>Nuclear Chemistry</b>
<b>Materials Science</b>
<b>Biochemistry</b>
<b>Proteomics, Glycomics</b>
<b>Bioinorganic Chemistry</b>
<b>Organic Chemistry</b>
<b>Computational Chemistry</b>
<b>Biophysics</b>
<b>Natural Product Synthesis</b>
<b>Nanotechnology</b>
<b>Chemical Physics</b>
<b>Environmental Chemistry</b>
<b>Theoretical Chemistry</b>
<b>Physical Chemistry</b>
<b>Chemical Education</b>

# Facilities

- ♦ Mass Spectrometry Facility
- ♦ Nuclear Magnetic Resonance Facility
- ♦ Molecular Visualization Facility
- ♦ Proteomics Research & Development Facility
- ♦ National Center for Glycomics & Glycoproteomics
- ♦ E.J. Bair Mechanical Instrumentation Services
- ♦ Glass Shop
- ♦ Electronic Instrumentation Services
- ♦ Information Technology Group
- ♦ Physical Biochemistry Instrumentation Services
- ♦ Chemistry Library

... and more!
